

Piazza Series

Where function meets style

ABBOTSFORD
CONCRETE PRODUCTS

Our Piazza Series is a large format, linear paver designed for the contemporary urban landscape. From a simple patio or walkway to a Plaza, Grand Boulevard, Boardwalk, or Esplanade, an infinite array of patterns will allow you to create a focal point that will complement any landscape. The Piazza Series can also be installed in conjunction with the Metropolitan and 10cm California to extend your pattern possibilities.

Type 1
600mm x 100mm x 100mm
23⁵/₈" x 3¹⁵/₁₆" x 3¹⁵/₁₆"

Type 2
400mm x 100mm x 100mm
15³/₄" x 3¹⁵/₁₆" x 3¹⁵/₁₆"

note: Type 1 and Type 2 Piazza Pavers are combined together in equal quantities on the same pallet.

How to get a professional look.

1. Compact and level the sub-base.
2. Backfill with 4" to 10" (50-250mm) of 3/4" minus road mulch or equivalent compacted granular fill.
3. Spread 1" (25mm) of concrete sand over fill. Avoid walking on the prepared base as this may cause the finished surface to be uneven.
4. Place Piazza pavers in the desired pattern close together. The spacing should be consistent to help maintain a uniform pattern. Pavers can be cut to fit with a paver cutter or masonry saw.
5. Tamp down pavers with a mechanical vibrator until level and firmly in place.
6. Fill joints completely by sweeping Abbotsford Concrete's joint sand across the surface, then compacting until joints are completely filled. The area is now ready for immediate use.

Specifications:

ABBOTSFORD CONCRETE PRODUCTS

Pavers are manufactured to ASTM C 936 and CSA A231.2-14 specifications, however due to the Piazza pavers aspect ratio, it does not meet all specifications.

The Piazza Series was designed for pedestrian applications. If light vehicular use is intended, it must be designed by an engineer. Abbotsford Concrete Products assumes no liability where the Piazza Series is used for vehicle applications.
