

Cortez Series

HydraPressed Slabs

Sandalwood and Charcoal New York Stone border

Where function meets style

ABBOTSFORD
CONCRETE PRODUCTS

Cortez Series Colors

"Cortez" HydraPressed Slabs with their unique color blends can be installed with the textured finish of New York Stone to provide an even greater range of design possibilities.

Natural

Granite

Charcoal

Sandalwood

Copper Canyon

While the colors shown here are represented as accurately as possible, they should only be used as a guide. Actual samples should be viewed before making a final color selection. For best results, slabs should be installed from several pallets in random order to ensure overall consistency, especially with multi-color blends.

Specifications:

ABBOTSFORD CONCRETE PRODUCTS

HydraPressed Slabs to CSA A231.1-14
ASTM C1782/C1782M-16 specifications.

Concrete strength: 8000 PSI (55 MPA)

Cortez Series HydraPressed Slabs

The Cortez Series with our exclusive PermaFinish, two layer, unified manufacturing process now allows us to offer a beautiful choice of color blends.

Unleash your creativity on your next project using a variety of colors, shapes and sizes to define your unique style.

Abbotsford Concrete's HydraPressed Slabs are made to precision sizes with true edges that fit together tightly. Top edges are chamfered for a neat appearance.

HydraPressed Slabs are hydraulically pressed using an advanced method of producing concrete paving resulting in a cured slab with incredible strength.

Pedestal Installation
